

PATIENT RIGHTS

If you do not have any insurance coverage...

You have the right to receive a “Good Faith Estimate” explaining how much your health care will cost

Under the law, West Texas Rehabilitation Center needs to give patients who don't have certain types of health care coverage or who are not using certain types of health care coverage an estimate of their bill before delivery of service.

- You have the right to receive a Good Faith Estimate for the total expected cost of any health care items or services upon request or when scheduling such items or services.
- If you schedule a health care item or service at least 3 business days in advance, make sure your health care provider or facility gives you a Good Faith Estimate in writing within 1 business day after scheduling. If you schedule a health care item or service at least 10 business days in advance, make sure your health care provider or facility gives you a Good Faith Estimate in writing within 3 business days after scheduling. You can also ask any health care provider or facility for a Good Faith Estimate before you schedule an item or service. If you do, make sure the health care provider or facility gives you a Good Faith Estimate in writing within 3 business days after you ask.
- If you receive a bill that is at least \$400 more for any provider or facility than your Good Faith Estimate from that provider or facility, you can dispute the bill.
