**LEADERSHIP letter** BY STEVE MARTIN, PRESIDENT & CEO

Thank you to everyone who made our 54<sup>th</sup> annual Telethon such a success, from board

members, to volunteers, donors, auction buyers, and all who played a role in helping us raise an incredible \$1,747,239! Needless to say, we could not have done this without you! I want to thank our amazing corporate sponsors: RHS Construction/Dean Hagler Painting, Sterling Property Group, and Lawrence Hall Abilene for their support in helping with the success of the show. Telethon is our way of telling the Rehab story around an entertainment venue by showcasing stories of our AMAZING patients, all while raising funds for the 850 patients we see each day.

When it comes to folks we owe so much, in this issue we honor 18 wonderful people! They are individuals we lost in 2023, but who during their lifetime gave of themselves, leaving a lasting legacy on our organization. They were employees, board members, medical directors, donors and volunteers, alike, all committed to helping make what the Rehab does possible. I recently lost my father-in-law, and our family is certainly filled with grief, as he was the patriarch of our family, and we miss him every day. As I look back on his life, and the lives of the folks we honor this year, all of us have experienced a painful loss of someone close to us. I find it more comforting to think of the legacy these individuals left to their families and their communities. Because, whether that legacy was a gift of land, a home, a gift to their favorite charity, a kind word, a favorite memory, or just a lesson in how to treat others, all of us have benefited from the legacy of our loved ones. The folks we will honor on May 10<sup>th</sup> in Abilene, and May 14<sup>th</sup> in San Angelo, during our Legacy

of Love ceremonies, left a profound impact on West Texas Rehabilitation Center, our employees, and the patients we serve. This legacy is to all of those who came before us and all of those who will come after us.

LEGACY...what will our legacy be to those we leave behind? I often think, "what will my children remember most? What lessons will my grandchildren attribute to me? What kind of friend will my friends say I was? And, what legacy will I leave to the colleagues I work with and the 850+ men, women, and children we treat each day?" It's a humbling question, but an inspirational one, as well.

As of this writing, we are 50.2%, or \$42.5 million, committed toward our \$85 million building campaign. My wife and I have certainly made a commitment to this AMAZING project, and I respectfully ask you to consider joining so many others by making your contribution to this project. Our employees and donors are working hard to make this project a reality, but it will take all of us, with donations large and small, to make it work. I'm asking you to be a part of a miracle: the miracle that has been West Texas Rehabilitation Center for 71 years, the miracle that is West Texas Rehab today, and the miracle that will be West Texas Rehab for many years to come.

Together let's leave our own legacy—a legacy of being a part of building the place that will be the Rehab's home to serve patients for the next 100 years!

May God continue to bless you and your families, and the mission of West Texas Rehab!

Respectfully,  
 Steve Martin, President/CEO

# Bereavement services for ALL ages

provided by

## Life After Loss

The “Life After Loss” support group in Abilene meets for five consecutive sessions of one and a half hours each. Sessions include validation of common feelings in loss, identification of hindrances to effective grieving, an understanding of grieving processes, dealing with special events and holidays, and suggestions for taking care of one’s self after a loss.

## Support Groups

Support groups are open to all members of the community regardless of pre-affiliation of our organization. Monthly Support groups vary by location and can be viewed on our events calendar.

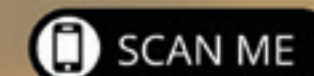

## Building Bridges

A grief support group in San Angelo for children grades K-12 who have experienced the death of a loved one. Trained staff and volunteers offer support to children and teens through the use of activities including art, music, and other creative means to encourage participants to express their feelings of grief and to share cherished memories. This program is offered twice a year.

## Pet Therapy

Pet volunteers visit patients in nursing homes, assisted living communities and private homes. Hospice pet visits offer a welcome distraction from illness and help people feel a little less lonely. They leave their patients—and anyone else lucky enough to be around—smiling, more relaxed, maybe even healthier.

All Bereavment Services are FREE and open to the public, even if you didn’t use our hospice services. Please check our events calendar for dates.

# RE Dunlap

RE is a rancher, instructor, special operations federal agent, and a stroke survivor.

Following a profound stroke in April of 2022, RE was referred to West Texas Rehab for Speech-Language Pathology with aphasia and verbal apraxia.

RE states, "Aphasia is known as the 'hidden disability.' People need to know that just because someone appears physically fine, auditory comprehension and communication skills can be lost following a stroke. Sometimes we need to slow down and take our time when talking to folks. You just never know what they might have been through."

"When RE started therapy, his communication was severely impaired in all areas. He could only understand about half of what he heard unless it was very simple and had to see the speaker's face to understand. He also was unable to understand what he read except for single words or very simple sentences. He had some difficulty expressing basic needs/wants, but significant difficulty with conversation, using the telephone, and communicating complex information. He was only able to write his name and address," explains Khristina Douglas, SLP-CCC, RE's speech therapist.

Since that time, RE has made significant improvement in all areas and continues to make huge strides! He still has difficulty and needs to use strategies to communicate, but he is confidently able to participate in conversations, conduct business, and use a telephone. He is able to

request repetition or written cues when needed. He is able to write sentences, fill out forms, and email and text correspondence.

No stranger to hard work and perseverance, RE is a survivor, conquering his goals of recovery.

"There is no place on Earth like West Texas Rehab and the people of west Texas are better for it!"

~ RE Dunlap.

LEGACY of LOVE WALL

West Texas Rehabilitation Center created its Legacy of Love Wall to perpetuate the memory of individuals whose love and generosity during their lifetime had an especially meaningful impact on the organization. On March 27, 1994 at the first Legacy of Love ceremony, 134 names were placed on the memorial wall. Since that time, a ceremony is held in the spring of each year to add names of special Rehab friends who have completed their earthly journey in the past 12 months.

During their lifetime, each honoree found his or her own unique niche to demonstrate an extraordinary commitment to West Texas Rehab's mission. Some were volunteers. Many repeatedly made significant financial contributions to operations and/or capital improvements projects. Many served on the organization's board of directors. Still others were longtime, dedicated employees. Some of these wonderful people served the organization in more than one of those roles.

Regardless of the difference in gifts they individually brought to West Texas Rehab, all of the people whose names appear on the Legacy of Love Wall have three things in common: (1) during their lifetimes, they contributed to the development of a highly respected, visionary organization; (2) they provided love, compassion, and support to patients and staff; (3) they set a standard for excellence in patient care and personal integrity that inspires everyone associated with West Texas Rehabilitation Center to seek ways to add their own amazing Legacy of Love.
