Leadership Letter

By Steve Martin, President & CEO

Welcome to Spring! She has certainly blown in like a lion, and hopefully she will go out like a lamb and bring rain showers to our part of the country.

In our last issue, we were gearing up for our 55th annual Telethon. Thanks to our amazing communities and donors, I am proud to report that we raised \$1,588,000 to help the patients and families we serve. This Telethon is the 5th best in our history, and the last 30 Telethons have raised over \$1 million each. To say the reach of West Texas Rehabilitation Center is vast would be an understatement. We received gifts from 294 cities and towns and 18 different states. We are truly blessed by our donors, volunteers, and the communities we serve.

In this issue, we highlight 12 wonderful individuals who gave so selflessly of themselves throughout their lives. They will be honored at our Legacy of Love events in Abilene and San Angelo in May. In this issue, you will see so many names of individuals who mean so much to others and were honored or memorialized throughout 2024. Memorials and honorariums are a great way to recognize friends or loved ones while also supporting the mission and patients served by West Texas Rehab.

Please take the time to read about the very special Legrand Boardwalk. Donors like Bob and Jean Ann Legrand provide support throughout the year to help us with impactful projects, patient equipment, and services to ensure West Texas Rehab remains state-of-the art and THE best place for rehab and hospice services—anywhere.

Everything we do, we do for our patients. Stories like Sergio's are a testament to patient perseverance, the skills of our outstanding clinicians and nurses, and the generosity of donors who make equipment like the LiteGait available and the renovation of the Ozona facility possible.

Daily, we receive gifts through events, memorials, and honorariums to positively impact the care we provide to 850 patients each day. Between those gifts and the annual financial support of the West Texas Rehab Foundation, we are able to provide care at a level unmatched by other organizations. Our Foundation employees are a special group. Throughout our next several editions, I hope you will read about their backgrounds, how they impact the organization on a daily basis, and their quest to help grow the Foundation to ensure the legacy of West Texas Rehab lives on in perpetuity.

As of this writing, we are \$47,285,000 committed to the capital campaign for our new Abilene facility. That leaves us \$37,715,000 away from our goal of \$85,000,000. We are currently in the grant writing phase of the project. Many grants require a percentage to be raised prior to those requests. We are still taking individual pledges, and our goal is to have the funds raised prior to breaking ground. If you are interested in this project, please scan the enclosed QR code to learn more. Every bit helps and, in fact, our most common donation over our 72-year history is \$25. We were built on many individuals doing their small part, and that is how this dream will become a reality.

Thank you for all you do for us, and may God bless the families of those we lost in 2024 who meant the world to West Texas Rehab and our patients.

Please pray for rain and our building campaign. I hope many blessings come your way in 2025.

Respectfully,
Steve Martin, President/CEO

LeGrand Memorial Boardwalk

A Legacy of Hope and Healing

Nestled on the grounds of West Texas Rehab's San Angelo campus lies a hidden gem, a place where time seems to slow and the beauty of nature offers a sense of peace and calm. The LeGrand Memorial Boardwalk, overlooking a tranquil pond,

has become a sanctuary for all who visit—whether for respite, therapy, or simply a moment of quiet reflection. This stunning boardwalk was created with a single vision in mind: to provide a space for healing and restoration. At the heart of this

beautiful retreat is a legacy of generosity and compassion. Jean Ann and Dr. Robert LeGrand, Jr., whose kindness and vision made this peaceful haven possible, have left an indelible mark on the West Texas Rehab community. Their donation was not simply the gift of a physical structure, but the gift of hope and healing to countless

individuals—staff, patients, families, and community members alike.

The LeGrand family's belief in the power of healing through nature and the restorative qualities of a peaceful environment has shaped this space into something much more than just a boardwalk. It's a place of respite where weary souls find solace. For patients undergoing therapy, it offers a tranquil setting to walk, reflect, and take a break from their recovery routines. For employees, it's a quiet retreat to rest and recharge amidst their

busy days, providing moments of peace and renewal. For families, it's a place to gather, to share, and to bond in a serene setting.

To date, the boardwalk has been utilized for many events including staff gatherings, support groups, bereavement services, and therapy sessions with plans for many more things to come!

We invite you to come visit the boardwalk for yourself and experience the peace and tranquility it offers.

Additionally, you can create a lasting tribute at the boardwalk by ordering a nameplate to be placed along the handrail, overlooking the pond. This special tribute will allow your loved one's memory to become a source of strength and inspiration to all who visit the LeGrand Boardwalk.

Through the generosity of Jean Ann and Dr. Robert LeGrand, Jr., the LeGrand Memorial Boardwalk stands as a reminder that even the smallest

acts of kindness can ripple out and create lasting change. For the West Texas Rehab family, and for the community at large, this boardwalk is not just a place to walk—it

is a place to reflect, to heal, and to honor the incredible legacy of hope and compassion that the LeGrand family has so generously provided!

For more information about the LeGrand Memorial Boardwalk or to purchase a nameplate in memory of a loved one, contact us at 325-223-6301.

A Legacy of Care and Commitment

In 1966—13 years after West Texas Rehabilitation Center opened its doors, Shelley Smith, a young therapist and the center's first employee, had a bold idea. He approached John Matthews and Allen Baird with a vision that would change the future of patient care. Two years before his passing, John reflected on that pivotal moment:

"Shelley got Allen and me together and told us he wanted to start a foundation—a way to ensure that we could always treat anyone who walked through our doors, no matter their financial situation. He had the vision, and we just got on board!"

For the next 14 years, John Matthews served as the inaugural Chairman of the West Texas Rehab Foundation's Board of Trustees—a position held by only nine individuals in its history. Though John humbly credited Shelley for the Foundation's success, we all know that even the greatest visionaries need

dedicated individuals to bring their dreams to life.

Since that time, the West Texas Rehab Foundation has been a cornerstone of life-long patient care, serving as the philanthropic arm of West Texas Rehabilitation Center. Its mission is simple yet profound: to ensure that every patient—regardless of financial circumstances—has access to the rehabilitation services they need. By managing an endowment fund, the Foundation sustains a comprehensive range of programs.

At the heart of the Foundation's work is an unwavering commitment: no patient will ever be turned away due to an inability to pay. This promise not only impacts the thousands of patients currently receiving care, but also ensures that future generations—patients who have yet to be born—will have access to life-changing treatment. Thanks to the generosity of our community,

the West Texas Rehab Foundation helps provide care for over 850 patients every day. Contributions to the Foundation come in many forms—financial gifts, trusts, annuities, real estate, minerals, and stocks—all of which directly fund patient services.

Many individuals are unaware of the powerful opportunities available through proper estate planning. With the right strategy, donors can:

1. Take care of their loved ones
2. Support the charities they cherish
3. Avoid unnecessary taxation by the IRS

The impact of these gifts is profound—just \$1,000,000 in donations generates \$50,000 annually in perpetuity for patient care. These contributions don't just make a difference; they change lives.

Years ago, a caring community, a dedicated young therapist, and a few committed volunteers, took an idea and turned it into

one of the most impactful organizations in West Texas. Thanks to their vision, passion, and perseverance, the West Texas Rehab Foundation stands strong today—and with the help of our generous donors, it will continue to serve generations to come.

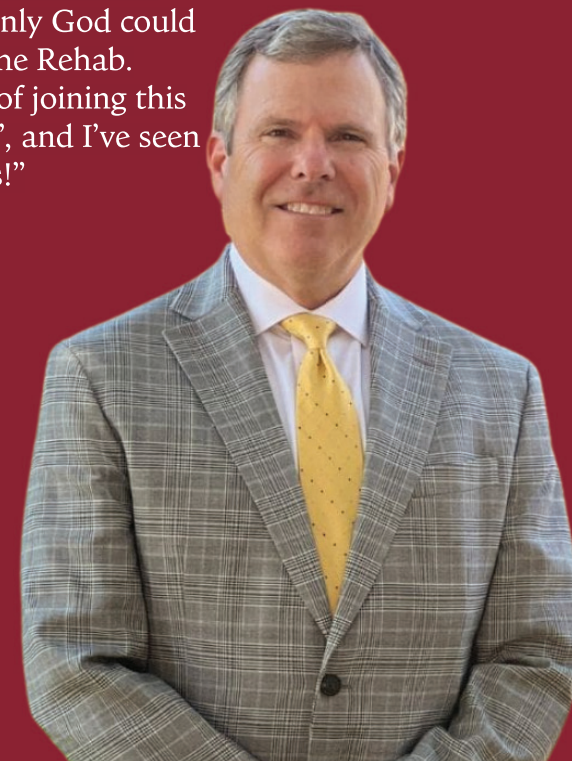

"Give us a call. Any one of these dedicated team members would be honored to sit down with you and explore how you can use your estate to bless your family while furthering the mission of West Texas Rehab Center. Together, we can ensure that no patient is ever turned away and that the legacy of healing continues for decades to come."

Employee Highlight

Chuck Rodgers, Vice President of Development

"When I decided to leave Young Life, where I worked for 31 years, I knew my next job would have to have some kind of 'mission' to it — be something only God could do! Then two friends encouraged me to interview for a position with the Rehab. I've loved the Rehab for years, but never dreamt I'd have the privilege of joining this amazing mission! Well, I have truly found something 'only God can do', and I've seen firsthand how the Rehab alters the very trajectory of our patients' lives!"

Chuck was raised in Lubbock and attended Texas Tech receiving his BBA in Finance. He came on Young Life staff in 1986 in Killeen, TX, serving there for 3 years, and then he and his wife, Cindy, moved to Abilene with YL until 2017. He came to West Texas Rehab in 2018 as Vice President of Development for the WTRC Foundation. Chuck and Cindy were married for 30 years before her death in April of 2017. He remarried Carol in 2022 and they are truly blessed. Chuck has two children: a son, Taylor, and he and Faith have two sons, Miller; Lewis; and a daughter, Molly, and she and Clay are accountants in Fort Worth, and are expecting a baby girl in June. Chuck enjoys golf, pickleball, yard work, travel, cooking and reading.

structural steel needs.

Bonham Elementary Construction

Sergio Mireles-Chaves is from Iraan, Texas. He is married to his bride of 22 years, Veronica, and they have a daughter, Alexis Nicole who is 14 years old. When I met Sergio and Veronica, I got to hear his story from Veronica who was translating. Sergio's first language is Spanish. It is a true story of dedication, strength, perseverance, and determination.

On May 5th, 2024, Sergio's weekend started like any other. He was working on a side project with his family cutting tree limbs. Up high in a tree, his foot slipped on the ladder and down he fell. 27 feet to be exact. He hit the ground, bounced up, and then back down for another hard impact. He was unconscious. He would later find out

that he was paralyzed.

Veronica was miles away in Big Spring when she got the call about the accident. "I rushed home just in time to meet the ambulance which was taking Sergio to the rural hospital in Iraan." Veronica relays. Upon examination, he had severe spinal cord injuries as well as a punctured lung. Iraan General Hospital did their best to get him stable enough to make the care flight to San Angelo.

"Once he arrived at Shannon Medical Center in San Angelo he immediately went back to surgery. Four hours later, the surgeon told us he had performed a spinal fusion and placed 14 screws. He spent two weeks at the hospital recovering

and then multiple weeks at Shannon Encompass Inpatient Rehabilitation. He was released on June 15th, which was a Saturday." Veronica explains.

That following Monday, Sergio had his initial evaluation with occupational and physical therapy at West Texas Rehabilitation Center in Ozona, Texas. Faithfully, he has been coming every Monday-Thursday since. "We are so grateful that West Texas Rehab has a facility in Ozona which is much closer to home. We thought we would have to stay in San Angelo longer to continue therapy but because of the facility in Ozona we got to come home. Being home was everything." Veronica explains.

**“We are so grateful that West Texas Rehab has a facility in Ozona”
-Veronica Mireles-Chaves**

In occupational therapy they are working on strengthening the upper body and helping him transfer. As he gets stronger, they are able to work on core balance and his ability to sit and eventually stand without additional support. "Occupational therapy focuses on activities of daily living such as bathing, dressing, and eating. We often take these things for granted but when faced with a life altering situation like Sergio, getting back to being independent is a priority." Gina Braswell, OTR, expresses.

In physical therapy, they are working towards regaining core strength and using electrical stimulation to work on improving muscle contraction. Electrical stimulation is so important because it stimulates the nerves to allow Sergio to voluntarily contract his muscles. Sergio has also been utilizing a new piece of equipment that was made possible by a generous donation- a LiteGate 400.

LiteGate provides postural control and weight-bearing assistance for fall-free therapeutic activities. It permits the clinician to be hands-free when working with clients of all functional levels and diagnoses, to focus on better quality and increased quantity of practice. "Sergio's ultimate goal is to be able to walk again, so this is my mission as well!" Cevan Smithson, PT, DPT, Director of Ozona Clinic, says.

"We have seen so many positive improvements since starting therapy! We love it here and are so grateful for the staff. They are all so kind. Sergio's accident changed our whole life. He can't return to work at this time and I had to quit my job. My day is all about being his caregiver. But we still have a home, animals to take care of and a daughter to raise. The financial burden has been overwhelming.

Thankfully at West Texas Rehab, we don't worry about how we are going to pay for it. We just have to get here and let the therapists do their job!" Veronica says.

Recovering from this type of injury is a slow, and at times, frustrating process. But... Sergio is dedicated to getting better. His therapists are determined to help Sergio reach his goals. Veronica and everyone who knows and loves Sergio are staying strong and keeping the faith!

"Sergio is one of the most dedicated patients I have ever had. He shows up reporting to be sore or tired from the previous day of therapy, however will not settle for less than his best. He continues to challenge himself and does so with a smile on his face." Cevan relays.

LEGACY of LOVE Wall

est.
March 27 1994
LEGACY of LOVE WALL

The Legacy of Love Wall at West Texas Rehabilitation Center was created to honor the memory of individuals whose kindness and generosity left a lasting impact on the organization. Since the inaugural Legacy of Love ceremony on March 27, 1994—when 134 names were first placed on the memorial wall—this tradition has continued each spring, recognizing special Rehab friends who have completed their earthly journey in the past year.

Each honoree found their own unique way to demonstrate a deep commitment to West Texas Rehab’s mission. Some served as volunteers, while others provided generous financial support toward operations or capital improvement projects. Many played a vital role on the board of directors, and some dedicated their careers as longtime employees. Several of these remarkable individuals served in more than one of these capacities.

Though their contributions may have taken different forms, all those memorialized on the Legacy of Love Wall share three important qualities: (1) they helped shape West Texas Rehab into a highly respected, forward-thinking organization; (2) they showed unwavering love, compassion, and support to patients and staff; and (3) they set a standard of excellence in patient care and integrity that continues to inspire others to build upon their own Legacy of Love.

DECKER

Capital Partners

We're Proud to Support the West Texas Rehabilitation Center

The causes that inspire you are as unique as the life you lead. We all live and give differently, but the support of the right financial partner has the power to multiply generosity. It is our privilege to help people make an impact - and to make our own.

HELP US REACH OUR GOAL!

Goal
\$85,000,000

As of March 1, 2025, we're thrilled to share that over 55% of the funds for our new building have been raised!

This project will stand as a lasting testament to the individuals and businesses who came together to ensure world-class care remains in Abilene for generations to come.

Raised
\$ 47,285,225

If you feel led, please scan the QR code to make your donation.

Thank
you!

Give a gift to West Texas Rehab in loving memory or in honor of someone special. Your thoughtful contribution will help us continue our vital work to improve the quality of life of those we serve regardless of financial circumstances.

★ Light Up A Life ★

Hospice of San Angelo’s “Light up a Life” Christmas Tree Lighting Ceremony was a special night of remembrance on the LeGrand Memorial Boardwalk last December. This free event honored those that we loved and lost in 2024. Filled with singing, a presentation by Hospice of San Angelo, and a moment to honor loved ones no longer with us by placing a star in their memory on the Christmas Tree. Our loved ones illuminated the tree all season long.
